**Subject:** **NEW EUROPEAN UNION (EU) REGULATION ON CHEMICALS (REACH)**

---

Thank you for your recent communication regarding the above directive.

#### Introduction

As of June 2007, the European **Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)** entered into force. REACH affects all industries, including the Automotive Industry (AI). As the AI is made up of vehicle manufacturers and many tiers of the supply chain, it has several roles and obligations under REACH. Action is required from the OEMs and suppliers, some immediately and some over the coming 11 years and beyond.

#### Statement

Prelok are aware of our obligations under this directive and have evaluated our supply base which MAY be effected by this new regulation. As such we have cascaded the communication throughout our supply chain and we are currently collating the information.

To the best of our knowledge none of our products are implicated by this regulation however, subject to the replies from our suppliers, we will request pre-registration prior to the deadline of 1<sup>st</sup> December 2008.

**for more information visit:** <http://www.prelok.com/reach.html>

Regards,

**Richard Dunn**
