PRELOK

*Focus on -
 Underhead Sealants*

PRELOK is the European market leader for pre-applied locking and sealing solutions for threaded components. We are constantly working closely with our material suppliers to develop new products and processes, which offer innovative jointing solutions to meet the ever changing demands from our customer base.

Precote 200®

Precote 200® is an ideal sealing system for rivets, inserts or headed plugs with excellent temperature resistance making this product ideal for automotive applications.

Advantages

- Resilient flexible coating seals upon assembly
- Ideal sealing system for rivets, inserts, headed plugs
- Excellent chemical resistance
- Can be applied to most materials in both electro and organic finishes
- High temperature

Our extensive range of products also include: Tuflok, Nytemp, Scotchgrip, Driseal, Microseal, Nyltite, Nyseal and Nyplas.
